

PUBS MAP OF THE NORTHERN BROADS

These maps only list the locations of pubs that are sited directly on the river side and that have customer moorings in the immediate vicinity. Some places may have pubs that are a short distance from the river or down narrow dykes but due to the scale of the map these are not included. Additionally there are several pubs in main locations such as Yarmouth, Stalham, Potter Heigham and Coltishall.

The majority of pub moorings are free to customers during the day but some may charge for overnight mooring sometimes partly or fully refundable when purchasing food.

Although many of the pubs listed offer a full menu and some may have separate dining areas/restaurants the maps are predominantly for pubs/drinkers and do not include licensed restaurants or bars that only allow their moorings to be used by diners.

If I have missed out any riverside pubs please feel free to e-mail me. [To enter the web site please click www.mynorfolkbroadsboating.co.uk](http://www.mynorfolkbroadsboating.co.uk)
