

BROADS AUTHORITY AND ADDITIONAL MOORINGS THAT HAVE SHORE POWER ELECTRIC POINTS.

The mooring locations that have a yes in the Broads Authority column require the relevant cards.

The cards are single use and cost £1 each. The whole amount is taken from the card as soon as you use it. Any unused credit remains at the electric point so before using the card it's worth checking to see if there is any credit remaining from the previous user.

New replacement electric points were installed and the work was completed by 1st April 2017. All electric points now require the new contactless touch cards. The old cards will not work.

A list of Shore Power Electric Card Retailers can be found on page two.

Locations that are not B.A such as pubs and boatyards etc will be payable direct to the service and mooring provider. Prices will vary.

NORTHERN BROADS
