

## Norfolk Broads Shore Power Electric Card Retailers

[www.mynorfolkbroadsboating.co.uk](http://www.mynorfolkbroadsboating.co.uk)

The cards are single use and cost £1 each. The whole amount is taken from the card as soon as you use it. Any unused credit remains at the electric point so before using the card it's worth checking to see if there is any credit remaining from the previous user.

New replacement electric points were installed and the work completed by 1st April 2017. All electric points now require the new contactless touch cards. The old cards will not work.
